

SPEEDING AUTOIST PARTS FROM \$20

Bicycle Policeman Chased Ernest Kelly Far and Got Him.

Ernest Kelly is convinced today that there is no use trying to get away from a persistent policeman on a trusty wheel. The convincing was accomplished to the tune of a \$30 fine, which Judge Mulloony imposed on Kelly for exceeding the speed limit in an automobile.

Kelly was driving an auto yesterday afternoon, and when he reached Fifteenth street and Pennsylvania avenue Bicycle Policeman Klendienst took a notion that Kelly was going faster than the law allows, so he followed and found that the car was moving at the rate of eighteen miles an hour. When Kelly realized that the policeman was on his trail he put on the third speed, and then began a merry chase. The policeman pedaled away for dear life, and his speedometer was registering twenty-five miles an hour.

Kelly turned west to Seventeenth street and with a little spurt Klendienst came up to the machine and caught hold of it. He yelled to Kelly to stop, but Kelly wasn't for giving up the game, and when L street was reached Kelly turned the car east. The street was slippery and Klendienst was forced to release his hold on the automobile. He kept right along chasing it, however, and when Kelly turned into the garage the policeman was Johnny-on-the-spot and arrested Kelly before he had time to get out of the car.

Judge Mulloony is quite in sympathy with the efforts of the local police in bringing speeders to justice and helped the good cause by fining Kelly \$30.

BAPTISTS TO BUILD \$125,000 CHURCH

The building committee of the Immanuel Baptist Church held a meeting Thursday night at which it was decided to push their plans for the new church edifice to be erected on the site at the junction of Sixteenth street and Columbia road. Instructions were given to the architects to proceed with the completion of the plans as rapidly as possible so that bids could be secured and the building go under way at an early date. It is the intention to build the Sunday school house at first, and complete the main edifice at a future time.

The cost of the entire improvement is expected to run about \$125,000, of which the Sunday School house will take about \$25,000. The ground was purchased last spring for \$10,000, making the total outlay in the neighborhood of \$150,000.

The design of the church, which is by George W. Stone, architect, in association with F. L. Averill, structural engineer, is to be of the Gothic type, and from the commanding position on which it will be located, it is believed will be one of the most striking church edifices in the city. Percy S. Foster is chairman of the building committee of the new church, and is enthusiastic over the prospects.

Sports, Beware the Mule! Arbutes Beat Hector, Hoping To Beat Ethior; Loses \$5

After Labors Well Done, Pair Jogged Toward Home Until Sporting Driver Attempted to Pass—The Sequel is Painful.

Let not your tendency toward sporting life lead you too far. When you are driving out of an evening behind your patient steed yield not to the impulse that may seize you to pass each and every vehicle that happens to be on the same street. It is foolish to try and should your ardent endeavors lead you to a vigorous application of the whip you will be ignominiously stopped and hailed before Judge Mulloony on the charge of cruelty to animals.

After Labors Well Done.

Arbutes Green, dark, powerful, and vicious looking, has learned this lesson at the bar of justice. Never again, declares Arbutes, will he be led into the exhilarating joys of the race. Arbutes raced, and was fined \$5 yesterday for brutally assaulting his mule, Hector, and he (Arbutes) swears before high heaven that he will never race again.

Arbutes was wending his weary way homeward several days ago, behind the sleepy and melancholy Hector. All was peace within the soul of Arbutes. He had made a goodly sum at his trade, Hector had behaved in a manner that displayed an almost supernatural

amount of sense and his prospects for the morrow were bright. Suddenly from behind him there appeared another wagon, driven by an Ethiopian and drawn by a mule who, from his outer appearance might have passed as a brother of Hector. The other man was whipping up his animal. Indignation arose within Arbutes. "Heathen," he muttered savagely. "Ah's gwine tuh beat dat niggah if Ah has tuh kill him yere animaluh."

Hector Dislikes Whipping.

Then he started to whip Hector. The whipping of Hector was a distinct mistake on his part. Instead of going forward the intelligent animal started to back as hard as he could and the policeman, who happened on the scene at that juncture was mildly startled by the sight of an angry Ethiopian frantically whipping an equally irritated mule who manifested his displeasure by balking and trying to climb upon the curb. "Ah was tryin' tuh win dat race," explained Arbutes to the court.

"You must calm your sporting blood," said the court admonishingly. "We can't afford to have such races as that on a public thoroughfare. A \$5 fine."

Whereupon Arbutes swore before high heaven that never again would he be a "spo'ta."

N. & W. STEAMBOATS RUSHED WITH EXPOSITION TRAVEL

Interest in the great Jamestown Exposition is growing apace, if the traffic via the Norfolk and Washington Steamboat Company's vessels furnishes any indication. Both the day and night liners on this route are crowded to their staterooms, and frequently the demand for accommodations that there is unavoidable delay for some tourists. For this reason staterooms are best engaged in advance. The daylight trips down the noble Potomac are especially popular, the historic associations of the numerous places along both the Virginia and Maryland shores affording constant diversion for the traveler. After entering the Chesapeake there are the interesting shipping, battleships, and historic forts. Passengers on day and night boats are landed directly at the exposition pier. The daily sailing hours are 8 a. m. and 6:30 p. m. Ticket offices are located at the Seventh street wharf and at 735 Fourteenth street.

PROHIBITION GRILLED BY DR. VOELCKNER

"We are against prohibition because it does not prohibit; and mainly because it is an interference with one's personal liberty. We are against total abstinence, because it is an unnatural and forced condition."

With the above Dr. Kurt Voelckner, president of the United German Societies of Washington, declared his views on the efforts of the W. C. T. U. to obtain prohibition in the District at the coming session of Congress.

"If prohibition is of such a beneficial nature for mankind in general," he continued, "how is it that the foremost men of the nation have not advocated the adoption of prohibitory laws throughout the United States? I challenge the prohibition forces to name one man that has accomplished something worth while for the benefit of the country who was a professional prohibitionist."

"A properly conducted saloon is a safer guard against the spreading of drunkenness than prohibition. The former can be supervised while the latter creates the 'speakeasy.' If the W. C. T. U. says it is right that the use of coffee and tea be prohibited for similar reasons. There are many coffee and tea drinkers in the W. C. T. U."

QUESTION OF FUND FOR NEW SCHOOLS

Auditor Tweedale to Be Asked by Board to Make A Ruling.

Under what appropriation the board of education can purchase portable schoolhouses to relieve the congested conditions in the schools, is the only point to be decided before the school authorities take active steps to secure the temporary buildings. In order to decide this, the school officials will ask Alonzo Tweedale, auditor of the District, to make a ruling, showing what appropriation shall be used.

There are two appropriations which might be used, the school officials think. One is the appropriation for buildings. The other is the paragraph in the appropriation bill authorizing the expenditure of \$25,000 for compulsory education in the District.

As soon as the new houses are secured they will be used to relieve the crowded conditions in the Monroe and Petworth schools, according to the present plans. At these schools they will remove the necessity of housing any of the children in the basement rooms, as is now the only way to give the children at those schools their education.

Superintendent of Schools Chancellor had a long conference yesterday afternoon with representative colored citizens of the District to discuss the school situation as it affects the colored race here. Although nothing was announced officially about the conference, it is understood that the colored people expressed themselves as entirely satisfied with existing conditions and as convinced that Dr. Chancellor is working in a way to secure the best results for the school children in the colored schools.
